INSTRUCTIONS

1. Start out by applying your pattern to the plate using either NCR paper or the tissue paper transfer technique.
2. After the design is on the plate, use your liner brush to apply 3 coats of Sunny Side Up to the star.
3. Using your desired shades of blue and teal, paint in the mandala sections using 1-2 coats of paint. We made 3 of them with one order of colors and the other 3 with a different order of colors.
4. To outline the star, we used the liner brush and both Turquoise and Indigo paints so that it looked like the color was changing.
5. Finally, use the handle of your medium brush to apply the dots. We dipped the brush in paint and applied a big dot at the point and then kept tapping the handle on to get smaller and smaller dots. Repeat on all of the sides.

TIPS

- When adding the dots, use the handle end of the paintbrush and just apply one coat.
- The exact colors don't matter, so feel free to vary up the colors as you'd like.
